# Community Fundraising And Awareness Activities.

As a reputable business, we have always believed our caring and moral responsibilities outweigh our competitors. Aligning with our own Social Value goals, we work closely with our clients to create a bespoke plan to deliver real benefits to the communities we work within. Our social value examples can be foreshadowed throughout our 35 years within the business and are fortunate to have worked within a variety of sectors and organisations in implementing apprenticeships, donations, volunteering, mentoring opportunities and supporting fundraisers to list a few strategies.

Another area we focus on is the residents, the tenants, the end users of the lifts we look to maintain for several years. Resident engagement is highly regarded and we contribute to this in a number of ways. We care about our clients' clients, so have plenty of focus on the end users of the lifts we maintain and we contribute to this in several ways. Creating opportunities is one but we also want to engage with community projects and fundraisers.

For example, over the past 35 years we have attended many resident engagement events and further provided funds.

## FUNDED 2 X GRAFFITI WALLS AND A COMMUNAL POOL TABLE AT CHADWELL COMMUNITY CENTRE

This further allowed a safe environment for youths to attend after school as part of the Thurrock Council Portfolio. We attended the launch day of this community room and spoke with many members of the community. It was a total pleasure to engage and see what our contributions had achieved and the difference it makes to the communities we are active in.

## SPONSORED THE PHOENIX COMMUNITY FESTIVAL

**DONATED £300 - £500**

Phoenix Community Housing brings residents together as well as attend the event. We made annual contributions.

## PROVIDED FOC MAINTENANCE FOR DEMELZA HOSPICE

For the duration of our contract term at Demelza Hospice, we provided free of charge lift maintenance to all their lifts on site. The charity organisation resonated with that of our employees and knew we wanted to give back as soon as we visited the site and that of the staff.

## NOAH'S ARK children's hospice

### INVESTED IN THE INSTALLATION OF A NEW LIFT AT COST PRICE FOR NOAH'S ARK CHILDREN HOSPICE

We not only supported this charity by providing a lift, but we also advocated for them in our Industry Newsletter "Elevation" to raise awareness for their good work and "Building the Ark Campaign."

## PROVIDED DONATIONS TO NEWLON HOUSING TRUST'S "HARDSHIP FUND"

This enabled residents to access such funds to aid with living costs. As well as another in kind contribution made to a children's hospice, where we supplied, installed and commissioned a bed lift not for profit, therefore providing reduced costs.

### PROVIDED FOOD DONATIONS TO OUR CLIENT, ISLINGTON COUNCILS RESIDENTS

Our Project Manager within our Construction Department meet with our clients at one of their sites within, "Arsenal Hub" and dropped of our donation of food supplies to support their many "Foodbank" initiatives.

# Fundraising and Awareness Activities.

**16/5/2024 – WEAR IT GREEN DAY  
MENTAL HEALTH AWARENESS WEEK**

**RAISED £160**

---
